

F4 U.S. CHAMPIONSHIP STYLE GUIDE

V2 – SEPTEMBER 1, 2021

The following slides outline the specifications for all logo identification that each team and its drivers are required to follow during the 2021 F4 U.S. Championship season. The specifications include logo type, location, and size for the designated spaces. This document covers the Championship, partner, and sponsors logos for the season. Updates may be made via Competitor Advisory Memos during the season.

Teams should not produce official partner logos, series logos, or numbers for their cars. All teams will receive one (1) vehicle kit with their vehicle registration. This vehicle kit includes all required Championship and partner/sponsor logo decals, numbers, and number plates. Additional kits and individual assets will be available for purchase at each event.

Teams are allowed to wrap/paint their vehicles, but they are required to follow all usage guides provided by the Championship and partners/sponsors. All liveries require approval.

All drivers will receive one (1) suit kit with their driver registration. This suit kit includes all required Championship and partner/sponsor logo patches. Drivers are free to have their suits embroidered in lieu of these patches, but layouts require approval.

Car liveries, suit layouts, and any questions regarding logo placement, decals, patches or assets should be sent to Sydney Davis Yagel: syagel@sccapro.com.

[All assets and logo usage guides can be downloaded from the F4 U.S. Championship website.](#)

Each of our partners/sponsors have their own usage guides for their logos. For your reference, you can download them individually by clicking the links below, if applicable. [The full compliment of usage guides can be downloaded from the F4 U.S. Championship website.](#)
