

F4 Competitor Advisory Memo

No: CAMF4-2021-023
Date: October 14, 2021
Subject: USGP Post-Race Procedures & Media Conferences

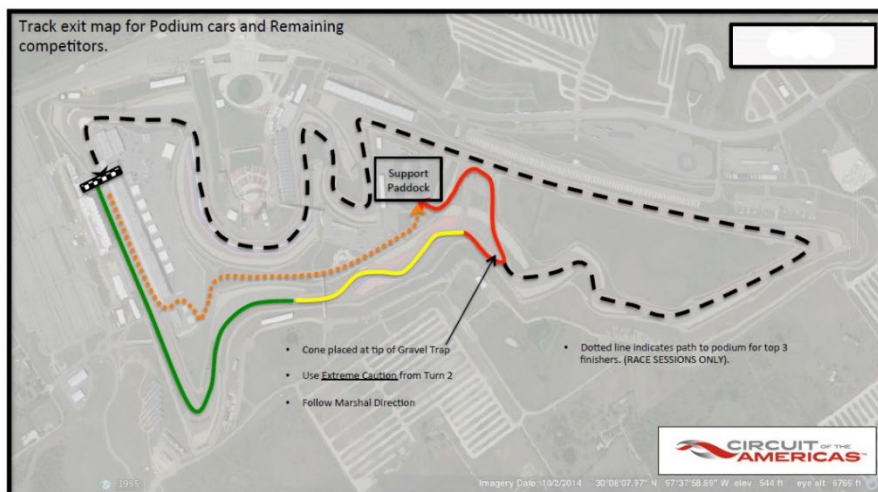

The United States Grand Prix is a unique event, and the post-race procedures are no different.

Post-Session Traffic Flow- Practice & Qualifying

- After the checkered flag for practice and qualifying sessions, drivers will be shown yellow flags from Turn 1 to Turn 5A (despite what the maps shows below). Drivers should slow down and use caution.
- Drivers are required to exit the Circuit via the Crossover at Turn 5A. There will be a Corner Marshal in the middle of the track with an arrow board directing you.
- Once off the Circuit, look for Championship Officials in grey to direct you back to the Support Paddock and parc fermé (qualifying only).

Post-Session Traffic Flow- Races

- After the checkered flag for race, drivers will be shown yellow flags from Turn 1 to Turn 5A.
- The top three drivers will continue around the Circuit under a brisk, controlled cool-down lap. Remember to waive to the Corner Marshals and fans. Pull in to Pit Lane and look for direction from the Pit Lane Marshals and Championship Officials. You will be parking your car beneath the podium.
- All other drivers are required to exit the Circuit via the Crossover at Turn 5A. There will be a Corner Marshal in the middle of the track with an arrow board directing you.
- Once off the Circuit, look for Championship Officials in grey to direct you back to the Support Paddock and parc fermé.

Podium Presentations

- After the top three have parked their cars in pit lane beneath the podium and taken off their helmets, crew members need to immediately take the cars and helmets back to the paddock. You will exit pit lane thru the pit exit gate and drive/tow the car back thru the Main Paddock and up Tunnel Road to the Support Paddock (see map). Cars will need to be brought directly to Tech. *This is extremely important that we clear pit lane as there are other track activities happening that we do not want to interfere with.*
- We will be using the F1 podium, and a Championship Official will be assisting drivers from pit lane to the podium room. They will have masks for you to put on as soon as you get out of the car.
- Do not remove your mask at any time unless you've been directed to by an FIA official.
- The podium team will have water and a towel for you as well as a hat for you to wear onto the podium.
- A trophy presenter will hand out the trophies. Please only fist bump.
- Gavin Baker will be photographing you from ACROSS the track, by the Main Grandstand with your trophy by yourself and as a group once everyone has received their trophies.
- Sparkling grape juice (already uncorked) will be provided for to you. Please make sure the podium team has cleared the platform before you start spraying.
- The COTA Podium Team will have SUVs to take the top three drivers back to the Support Paddock. Please make sure you wear your mask at all times, including walking outside. Below is a map showing where the SUVs will be staged, and the Championship Official will assist you in finding them.

Virtual Press Conferences

- We will be hosting virtual press conferences at the conclusion of our races. They are scheduled to begin approximately 35-45 minutes after the checkered flag.
- The top three finishing drivers are required to attend via Zoom wearing your suit or driver shirt featuring all required logos.
- If the provisional Driver Champion is not one of the top three finishers in Race 2, he will also be required to attend wearing his suit or driver shirt featuring all required logos.
- These links are being shared with local media and those in attendance at the event. You are welcome to share it with your media to join.

- **F4 U.S. Championship USGP Press Conference #1**

Featuring the Top 3 finishers of Race 1

Saturday, October 23 at 3:30 p.m.
