Re: Pre-Grid Procedures

Date: October 19, 2021

---

All cars must be in pre-grid prior to the closing times listed on the official schedule. Cars not in pre-grid will be required to start at the back of the field.

Cars will be gridded for the practice session based on their 2021 F4 U.S. Championship Driver Points as published by the Chief of Timing.

Grids for qualifying and races will be drawn up based on the 2021 F4 U.S. Championship Sporting Regulations.
